Roller bit model reference

MH-2

Third-generation cone; traditional irregular weld-on leg.

Published reference specifications

Mounting	Weld-on
Catalogue reference	139 mm · 52 inserts · Ø14 mm

Before selecting a replacement

Match the irregular weld-on leg contour and installation position to your drawing.
- Compare the irregular weld-on leg contour with the existing barrel opening.
- Confirm the installation position and orientation against the selected drawing revision.
- Specify replacement roller bits only, a lower assembly or a complete tool.

Nominal catalogue references. The agreed order drawing defines the supplied configuration and fit. Product rendering for identification; not an engineering drawing.
